## ARGUMENT IN FAVOR OF MEASURE \_\_\_\_

Measure \_\_\_\_ does NOT raise the sales tax rate. It extends a tax that we already pay, so that Culver City can continue to provide high-quality services and meet the challenges of the next decade.

In 2012, 76% of Culver City voters approved a new half-cent sales tax. That tax currently provides about \$10 million of the City's annual revenue. It has helped Culver City survive the loss of income from the state's termination of Redevelopment Agencies and the increasing cost of past pension programs.

The original sales tax measure required voter approval to continue it after 10 years. With Measure \_\_\_\_, we are asking you to approve this critical financing for another 10 years.

Culver City relies on local funding for its independence and high quality of life. Measure \_\_\_\_ will help preserve our exceptional police and fire departments, fast-responding emergency medical services, unique senior and youth services, needed after-school programs, great parks, abundant and healthy street trees, streets and sidewalks, and many more services and infrastructure projects that have made Culver City a very attractive place to live.

Without the security and certainty of an extension to our sales tax, Culver City will have difficulty maintaining these essentials, and will struggle to address the regional challenges of mobility, traffic, affordability, homelessness, and managing the impacts of surrounding development.

Visitors to Culver City pay most sales taxes, so the people who use our roads and daytime services will pay their share. And, Measure \_\_\_\_ will not tax prescription medication, services, or most groceries.

Measure \_\_\_\_ is NOT a tax increase. It simply maintains the infrastructure and services that we already depend on.

Vote YES on Measure \_\_\_\_.
