4. Mayor calls for, and the City Council receive, public testimony;
5. Mayor seeks a Motion to close the Public Hearing;
6. City Council adopts resolution approving and adopting the Comprehensive Fee Schedule for Fiscal Year 2025-2026

BACKGROUND

On January 13, 2025, the City Council adopted Resolution No. 2025-R008 approving and adopting the Comprehensive Fee Schedule for Fiscal Year 2024-2025 based on a User Fee Study completed by NBS Government Finance Group.

The City Council's Adopted 2024-2029 strategic planning goals included addressing the long-term financial stability of the City by reviewing existing revenue sources. As key General Fund revenue sources, program user fees and regulatory permits were identified as revenue sources to be analyzed. In the past 10 years, the City has experienced significant increases in program costs coupled with changes in operational structure. In Fiscal Year 2022-2023, staff engaged NBS Government Finance Group (NBS) to assist the City with conducting an updated comprehensive user fee and cost of services analysis.

Prudent financial management recommends that cost of services user fee studies be conducted every five to seven years. This ensures that cities use the most up to date methodologies, incorporate program process improvements and organizational and financial changes, and remain compliant with new regulations. In the intervening years, cities will update fees annually with a Consumer Price Index (CPI) increase where applicable to ensure that cost of service increases are incorporated into the fee adjustments. During the January 13, 2025 City Council meeting, Finance staff committed to bringing the Comprehensive Fee Schedule back to City Council annually in April to ensure timely implementation of the fee increases in July of each fiscal year.

DISCUSSION

California municipalities may impose user and regulatory fees for services through provisions set forth in the State or California Constitution, Article XIII C 1(e). Under this legal framework, a fee may not exceed the reasonable cost of providing the service or performing the activity. In addition, Culver City Council Policy No. 5002 calls for a comprehensive user fee and cost of services study to ensure that fees continue to meet cost recovery targets.

The purpose of the User Fee Study is to calculate the full cost of providing each fee activity (including direct and indirect costs), and to provide Council with the data that supports a realignment of fee amounts with localized cost recovery policy recommendations. The full cost, or actual cost, as calculated by NBS, is the maximum that the City can legally charge for each fee related activity.

The proposed resolution includes CPI increases to the Comprehensive Fee Schedule for Fiscal Year 2025-2026 where applicable to ensure that cost of service increases are incorporated into the fee adjustments. The fees are proposed to increase 3.1% based on the Bureau of Labor Statistics February Consumer Price Index for All Urban Consumers for the Los Angeles area for the prior 12-month period ending February 2025 for Fiscal Year 2025-2026. The update also includes some minor adjustments and corrections which are shown in footnotes to the fees schedule attached to the proposed resolution.

FISCAL ANALYSIS

If approved, staff will include the updated fees for the revenue projections in the Proposed Budget for Fiscal Year 2025-2026.

Per California Government Code 66017(a), increases to existing fees or the creation of new fees associated with development projects (for example, including projects involving the issuance of a

permit for construction or reconstruction) shall be effective no sooner than 60 days following the adoption of the fees. Adopting the fee schedule in April allows the fees to be effective at the start of Fiscal Year 2025-2026. Therefore, if Council approves and adopts the new fee schedule and associated resolution, all user fees associated with development projects will become effective on July 1, 2025. For consistency, staff recommends that all other fees become effective at the start of the new fiscal year as well.

Notes

- [1] Transport fees, mileage and oxygen shall be adjusted annually in accordance with the fee schedule approved by the L.A. County General Public Allowable Rate Schedule. The fees shown reflect the current fees at the time this schedule is adopted. Fees are subject to change as L.A. County fees change. See L.A. County Ordinance Sections 7.16.280 and 7.16.310 for current rates in effect.
- [2] Supplies and medications will be adjusted annually in accordance with price increases.
- [3] Notwithstanding the above fees, the Fire Chief, or his/her designee, is authorized to waive fees for Emergency Transportation services.
- [4] Fire Inspection Fees shall be included in the Business Tax renewal process and, for billing purposes, shall be subject to the same payment deadlines and late fees as the Business Tax Certificate renewals. If, for any reason, the Fire Inspection fee is billed separately from the Business Tax renewal process, the Fire Inspection fee is payable within 60 calendar days of issuance of the bill and is subject to the same late fees as the Business Tax Certificate Renewal if not received or postmarked within the aforementioned 60 days.
- [5] Refund requests must be submitted in writing and will be subject to the Fire Marshal's approval.
- [6] See Fire HazMat Definitions page for description of categories.
 - * Fire Marshal can alter the fee for service required in excess of standard - APPLIES TO ALL CATEGORIES.
- [7] Source: Resolution NO. 2016-R 044 ; CCMC Sections 11.14.035 and 17.520.030.
- [8] LA County Processes and Charges fees per LA County Code 12.52.080 Permit Penalty for late payment.
- [9] Technology Fee applies to sprinkler, alarm and building plan review/inspection.
- [10] Corrected fee type to hourly and clarified hourly minimum hour requirement

For any staff support required by a position that is not listed above, the City shall charge actual costs plus a fifteen percent (15%) administration fee. Actual costs shall be calculated as hourly salary plus benefits (including City tax liability, health insurance benefits, retirement and deferred compensation benefits, workers' compensation insurance costs, etc.)

PUBLIC HEARING COSTS:

For each notification for a public hearing to be held before the City Council or any City Board or Commission empowered to hear the related matter, the applicant shall reimburse the City for the cost of publication in an adjudicated newspaper, if required. The applicant shall also pay a fee of \$25 per 50 postcards/mailings, if required, to reimburse the City for related costs.

OTHER COSTS:

Any other direct costs incurred by the City directly related to services rendered to a particular user shall be reimbursed to the City by the user. The City may require a user to pay a deposit for an amount to cover the estimated staff time and other costs related to the service. The user shall receive an invoice detailing the components of the estimate and payment shall be made to the City of Culver City. If the actual cost exceeds the amount of the deposit, the user shall pay the balance. If the deposit exceeds the actual costs, the user shall be reimbursed the balance within thirty (30) days of completion of the service.
