PROJECT:

Title and Case No.: P2024-0303-SPR/DOBI

Address/Location: 13474-76 Washington Blvd.

Project Description: 15-Unit Mixed-Use Dual-Jurisdiction Building with an additional 64 Units within the City of Los Angeles.

APPLICANT: Brian Poliquin AIA/NCARB

CULVER CITY APPROVAL ACTION:

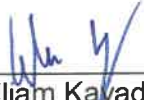

1. The Planning Commission on March 26, 2025, approved the Site Plan Review and Density and Other Bonus Incentives for the subject property. The Planning Commission, in approving the project described above, determined that the project is exempt from further environmental impact assessment per the CEQA guidelines:

Type of Exemption: Categorical Exemption

CEQA Section: 15332

Class: 32; In-Fill Project

2. Reason why project is Exempt (brief): The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations. The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses. The project site has no value, as habitat for endangered, rare or threatened species. Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality. The site can be adequately served by all required utilities and public services.
